FIGHT INFECTION & RECUPERATE, SAFELY

1st of its kind Microporous Tape with anti-microbial properties

Regular Tape

Steripore Safe

- Used for fixation of dressing, tubing, osteomy pouches etc in post-surgical care
- Made from Microporous fabric and specially coated with a broad spectrum Anti-Microbial agent for enhanced infection control
- A one-of-its-kind product, it minimizes the risk of the tape itself being a carrier of infection
- Hypoallergenic, non-toxic, non-irritant uniform adhesive coating
- Manufactured as per British Pharmacopia (BP) guidelines

Packing

- Carton of 60 Boxes
